2008 Estampa Gold

WHO: Estampa

WHAT: Red blend

WHERE: Cochagua Valley, Chile

WHEN: 2008

Green aromas and flavors really dominate this wine. They appear on the palate, too, along with red currants and very tart cherries. Tannins are rather big and rough, but balanced by loads of acid. Tannins and acids will settle down over time, but as fruit fades green flavors will get even more dominant. Little hints of violets in the finish indicate some florals might shine through after a few years in the cellar. Drink with beef cazuela or ropa vieja. DH
