2008 Billsboro Riesling

WHO Billsboro

WHAT Riesling

WHERE New York, Finger Lakes, Seneca Lake

WHEN 2008

This wine marks the first time that winemaker Vinny Aliperti has decided to arrest fermentation and the results are outstanding. The end result is a wine almost ostentatious in its flavors with a spine of acid that sends lightning bolts through the mouth. The classic Seneca Lake fennel is right there, along with lime peel, honey, and the rain-on-rocks character that comes in this region. This is a big step up for a producer on the rise. ED
