2007 Café Culture Pinotage

WHO: Café Culture

WHAT: Pinotage

WHERE: Western Cape, South Africa

WHEN: 2007

An odd, almost clashing nose of smoky bacon and blackberries, but not a lot of fruit there. At first comes across light on the palate with flabby tannins. You will be rewarded if you let it breathe a bit. The flavors open up, with more expressive dark berry and nutmeg flavors. Still a bit short on the finish, but all in all, a pretty fair wine for the price. GT
