2009 XumeK Syrah

WHO: XumeK

WHAT: Syrah

WHERE: San Juan, Argentina

WHEN: 2009

Crayola does not make a color this purple, and the big blue fruits deliver just about what you would expect from taking a look at the stunning hue of this wine in the glass, with the added bonus of some nice stony, mineral notes. Where the Syrah really shines, though, is in the mouthfeel, where it puts on a clinic for the price-point and will very likely ensure a quickly drained bottle at your next BBQ. JR
