2009 Indaba Shiraz

WHO: Indaba

WHAT: Shiraz

WHERE: Western Cape, South Africa

WHEN: 2009

The nose is very jammy, but I wonder if there is some Pinotage in the mix. There is a hint of burnt rubber typical for South African Pinotage. The flavors on the palate are candied cherry, loam, and burnt rubber. Palate feel is relatively smooth, but a lingering aftertaste of artificial cherry candy means this wine cannot be recommended.
