

2007 Kobalt Cabernet Sauvignon

WHO: Kobalt

WHAT: Cabernet Sauvignon

WHERE: Napa Valley, California

WHEN: 2007

Intense nose of blackcurrant, menthol and dark chocolate. Seems overripe and jammy at first taste, but repeated tastings soften that view. Rich blackberry fruit that takes a bit of time to find past the tannins. Lengthy finish. Could benefit from aging. Definitely needs food, like a chargrilled ribeye. Both the wine and the steak have a crusty exterior masking rare flavors within. Highly recommended. GT
