

2010 Echelon Red Blend

WHO: Echelon
WHAT: Red Blend
WHERE: California
WHEN: 2010

Aromas of wild herbs growing on dry, late summer California hillsides – wild thyme, sage, juniper. At first it feels thinnish on the palate, but that's only because the tannins are integrated into the dark fruit in a more refined manner than expected. Wild herbs show up in the finish too, but then it ends almost sweet. Highly recommended. BSE
