

2010 Thirty Bench Riesling

Smart winemakers managed to find just the right balance in a difficult year, thanks to good picking and winemaking decisions that preserved freshness without sacrificing too much depth of flavor. This may not be her most complex cuvée ever (acid fiends should look to the delicious 2008s and 2009s, right now), but it has a very nice set of fresh apple and white fruit aromas, as well as citrus notes and good length. Very pleasant, well-defined and balanced. Recommended. RC
