

2008 Jacob's Creek Reserve Shiraz

Who : Jacob's Creek
What : Shiraz
Designation: Reserve
Where : Australia, Barossa
When : 2008

The color is almost black. It is very dark on the attack, too, leading with huge mulberry followed by black currant. Coffee shows on the mid-palate. It has big, chewy tannins with enough acids to support them. This is a good wine for the price. Recommended (88). DH
